under § 668.186. Cohort default rates calculated under this subpart are not related in any way to cohort default rates that are calculated for the Federal Perkins Loan Program.

(j) *We.* We are the Department, the Secretary, or the Secretary's designee.

(k) *You.* You are an institution.

§ 668.183 Calculating and applying cohort default rates.

(a) *General.* This section describes the four steps that we follow to calculate and apply your cohort default rate for a fiscal year:

(1) First, under paragraph (b) of this section, we identify the borrowers in your cohort for the fiscal year. If the total number of borrowers in that cohort is fewer than 30, we also identify the borrowers in your cohorts for the 2 most recent prior fiscal years.

(2) Second, under paragraph (c) of this section, we identify the borrowers in the cohort (or cohorts) who are considered to be in default. If more than one cohort will be used to calculate your cohort default rate, we identify defaulted borrowers separately for each cohort.

(3) Third, under paragraph (d) of this section, we calculate your cohort default rate.

(4) Fourth, we apply your cohort default rate to all of your locations—

(i) As you exist on the date you receive the notice of your official cohort default rate; and

(ii) From the date on which you receive the notice of your official cohort default rate until you receive our notice that the cohort default rate no longer applies.

(b) *Identify the borrowers in a cohort.* (1) Except as provided in paragraph (b)(3) of this section, your cohort for a fiscal year consists of all of your current and former students who, during that fiscal year, entered repayment on any Federal Stafford loan, Federal SLS loan, Direct Subsidized loan, or Direct Unsubsidized loan that they received to attend your institution, or on the portion of a loan made under the Federal Consolidation Loan Program or the Federal Direct Consolidation Loan Program (as defined in 34 CFR 685.102) that is used to repay those loans.

(2) A borrower may be included in more than one of your cohorts and may be included in the cohorts of more than one institution in the same fiscal year.

(3) A TEACH Grant that has been converted to a Federal Direct Unsubsidized Loan is not considered for the purpose of calculating and applying cohort default rates.

(c) *Identify the borrowers in a cohort who are in default.* (1) Except as provided in paragraph (c)(2) of this section, for the purposes of this subpart a borrower in a cohort for a fiscal year is considered to be in default if—

(i) Before the end of the following fiscal year, the borrower defaults on any FFELP loan that was used to include the borrower in the cohort or on any Federal Consolidation Loan Program loan that repaid a loan that was used to include the borrower in the cohort (however, a borrower is not considered to be in default unless a claim for insurance has been paid on the loan by a guaranty agency or by us);

(ii) Before the end of the following fiscal year, the borrower fails to make an installment payment, when due, on any Direct Loan Program loan that was used to include the borrower in the cohort or on any Federal Direct Consolidation Loan Program loan that repaid a loan that was used to include the borrower in the cohort, and the borrower's failure persists for 360 days (or for 270 days, if the borrower's first day of delinquency was before October 7, 1998);

(iii) Before the end of the following fiscal year, you or your owner, agent, contractor, employee, or any other affiliated entity or individual make a payment to prevent a borrower's default on a loan that is used to include the borrower in that cohort: or

(iv) Before the end of the following fiscal year, the borrower fails to make an installment payment, when due, on a Federal Stafford Loan that is held by the Secretary or a Federal Consolidation Loan that is held by the Secretary and was used to repay a Federal Stafford Loan, if such Federal Stafford Loan or Federal Consolidation Loan was used to include the borrower in the

cohort, and the borrower's failure persists for 360 days.

(2) A borrower is not considered to be in default based on a loan that is, before the end of the fiscal year immediately following the fiscal year in which it entered repayment—

(i) Rehabilitated under 34 CFR 682.405 or 34 CFR 685.211(e); or

(ii) Repurchased by a lender because the claim for insurance was submitted or paid in error.

(d) *Calculate the cohort default rate.* Except as provided in § 668.184, if there are—

(1) Thirty or more borrowers in your cohort for a fiscal year, your cohort default rate is the percentage that is derived by dividing—

(i) The number of borrowers in the cohort who are in default, as determined under paragraph (c) of this section; by

(ii) The number of borrowers in the cohort, as determined under paragraph (b) of this section.

(2) Fewer than 30 borrowers in your cohort for a fiscal year, your cohort default rate is the percentage that is derived by dividing—

(i) The total number of borrowers in that cohort and in the two most recent prior cohorts who are in default, as determined for each cohort under paragraph (c) of this section; by

(ii) The total number of borrowers in that cohort and the two most recent prior cohorts, as determined for each cohort under paragraph (b) of this section.

§ 668.184 Determining cohort default rates for institutions that have undergone a change in status.

(a) *General.* (1) Except as provided under 34 CFR 600.32(d), if you undergo a change in status identified in this section, your cohort default rate is determined under this section.

(2) In determining cohort default rates under this section, the date of a merger, acquisition, or other change in status is the date the change occurs.

(3) A change in status may affect your eligibility to participate in Title IV, HEA programs under § 668.187 or § 668.188.

(4) If another institution's cohort default rate is applicable to you under this section, you may challenge, request an adjustment, or submit an appeal for the cohort default rate under the same requirements that would be applicable to the other institution under §§ 668.185 and 668.189.

(b) *Acquisition or merger of institutions.* If your institution acquires, or was created by the merger of, one or more institutions that participated independently in the Title IV, HEA programs immediately before the acquisition or merger—

(1) For the cohort default rates published before the date of the acquisition or merger, your cohort default rates are the same as those of your predecessor that had the highest total number of borrowers entering repayment in the two most recent cohorts used to calculate those cohort default rates; and

(2) Beginning with the first cohort default rate published after the date of the acquisition or merger, your cohort default rates are determined by including the applicable borrowers from each institution involved in the acquisition or merger in the calculation under § 668.183.

(c) *Acquisition of branches or locations.* If you acquire a branch or a location from another institution participating in the Title IV, HEA programs—

(1) The cohort default rates published for you before the date of the change apply to you and to the newly acquired branch or location;

(2) Beginning with the first cohort default rate published after the date of the change, your cohort default rates for the next 3 fiscal years are determined by including the applicable borrowers from your institution and the other institution (including all of its locations) in the calculation under § 668.183;

(3) After the period described in paragraph (c)(2) of this section, your cohort default rates do not include borrowers
